

PRO-Sorb®

Super Absorbent Granules for the Sanitary Removal of Liquid Infectious Waste

The safe removal of biowaste is dramatically simplified by applying PRO-Sorb® super absorbent granules. Just sprinkle the granules over the spill for hygienic removal of blood, vomit, urine or any other liquid biohazard. The granules will solidify the solution into a gel.

- ✔ Super Absorbent - quickly absorbs 30 times its own weight in moisture (Available in 150g shaker pack)
- ✔ Quickly and effectively solidifies fluid into a gel for convenient disposal.
- ✔ Retains fluid under external pressure, unlike sponges, tissues or powdered minerals.
- ✔ PRO-Sorb® contains an anti-bacterial agent for safe handling.

Designed for use in:

Health Care Centres, Hospitals, Nursing Homes, Medical Practices, Dental Practices, Ambulance Services, First Aid Rooms

Also Ideal For:

Public Transport Vehicles, Schools, Home Health Care, Hotels, Motels etc.

PRO-Sorb® is a product of Majac Healthcare
