

Non Plastic Hospital Grade Disinfectant Wipes Protects People - Protects the Environment

Australia's Healthcare industry has come under scrutiny of for the volume of plastic waste it generates. Medical wipes are one significant category that is an avoidable eco-burden that alone contributes to over 5 million kilograms of waste, most of which, ends up in landfill. In excess of 3 billion wipes are used annually by Australia's healthcare professionals (over 10 million a day!). That is a lot of plastic!

SOMETHING HAD TO CHANGE SO CLEANLIFE MEDICAL CREATED A RANGE OF PLASTIC-FREE WIPES AUSTRALIAN MADE & TGA APPROVED. ARTG 374210
